1. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless -

2. (b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

3. Claims 17, 19 and 21 are rejected under 35 U.S.C. 102(b) as being clearly anticipated by Ito et al.

Elements 14 and 15 are considered the first stator and element 16 is considered the second stator.

4. Claims 1-16, 34-36 and 43-65 are allowed.

5. Claims 22 and 23 are objected to as being dependent upon a rejected base claim, but would be allowable if rewritten in independent form including all of the limitations of the base claim and any intervening claims.
